

Enhance the life of an adult

...PULLING LIVES TOGETHER

SERVICES FOR ADULTS (30+)

Are you ready for a new lease of life?

Then EnhanceAble is here for you. Expect opportunities and possibilities here that you're unlikely to find elsewhere. Whether your disability is life-long or acquired, we're committed to helping you to create the life you want.

What can we offer you?

- **1 to 1 support.** Through a hand-picked team of staff, we're here to give you the support you most want – be that in your home, or out and about in the community.
- **Daytime Services.** These include a changing mix of therapies, support and activities. Geneva Road is itself a vibrant and supportive community.
- **Respite care.** This is available to those of you with a variety of disabilities at our house called 'Space'. Here, as a service user, you can often go on trips and do activities outside its four walls.

We also provide services for:

- Children
- Teenagers
- Young Adults
